Honorable Janice Hahn
4th District Supervisor, Los Angeles County Board of Supervisors

Re: April 5, 2022 Motion: Cambodian Genocide Remembrance Day

Supervisor Hanh,

On behalf of the Board of Directors of Project Angkor, I want to thank you for recognizing and never forgetting the genocide and horrible stain that was left on the Khmer People at the hand of the Khmer Rouge between 1975 and 1979. My Husband, Randy Black, and I are honored and privileged to be board members for Project Angkor, an IRS 501 (c)(3) nonprofit Incorporated in 2011, that brings medical missions to Cambodia annually.

The Founders of Project Angkor, all Cambodians who personally were affected by this genocide, formed this organization with the hopes to serve the community of today, while building lasting relationships with the government, institutions, and people of Cambodia to provide free healthcare and health education, strengthen health care services, and empower local communities to become active participants and drivers of change for improved well-being.

Your Motion and proclamation to recognize April 17, 2022, as Cambodian Genocide Remembrance Day in Los Angeles County, reminds the Khmer People / Cambodian Americans that the 47th anniversary of this atrocity and the unnecessary loss of lives will not be forgotten.

Randy and I have had the pleasure, and honor, of knowing and working along with you, over the past many years and are witness to your care and resolve to never forget those in need. Whether it is the unhoused today, or a black stain on history and a Nation that has never left the memories of those who lost one or their complete family during the reign of the Khmer Rouge, you continue your quest to serve & honor. Thank you for this motion.

Scott Martin, Director of Compliance / Mission Security

Project Angkor Board of Directors

CAMBODIA

PROJECT **ANGKOR**

"Each morning as we arrived at the clinic, a large group of patients would already be waiting patiently in the smoldering heat. Many of them traveled long distances to see us, with some of them having never even seen a physician before. Despite waiting many hours without food or water in the unforgiving heat and humidity, each of them greeted my medical student and me with such a tender and gracious smile. The appreciation they had was deeply moving." — PATTY LOO, MD

PROJECT ANGKOR

ABOUT US

Project Angkor is a humanitarian medical group whose primary mission is to provide free medical care to the underprivileged and medically underserved people in Cambodia.

GIVE

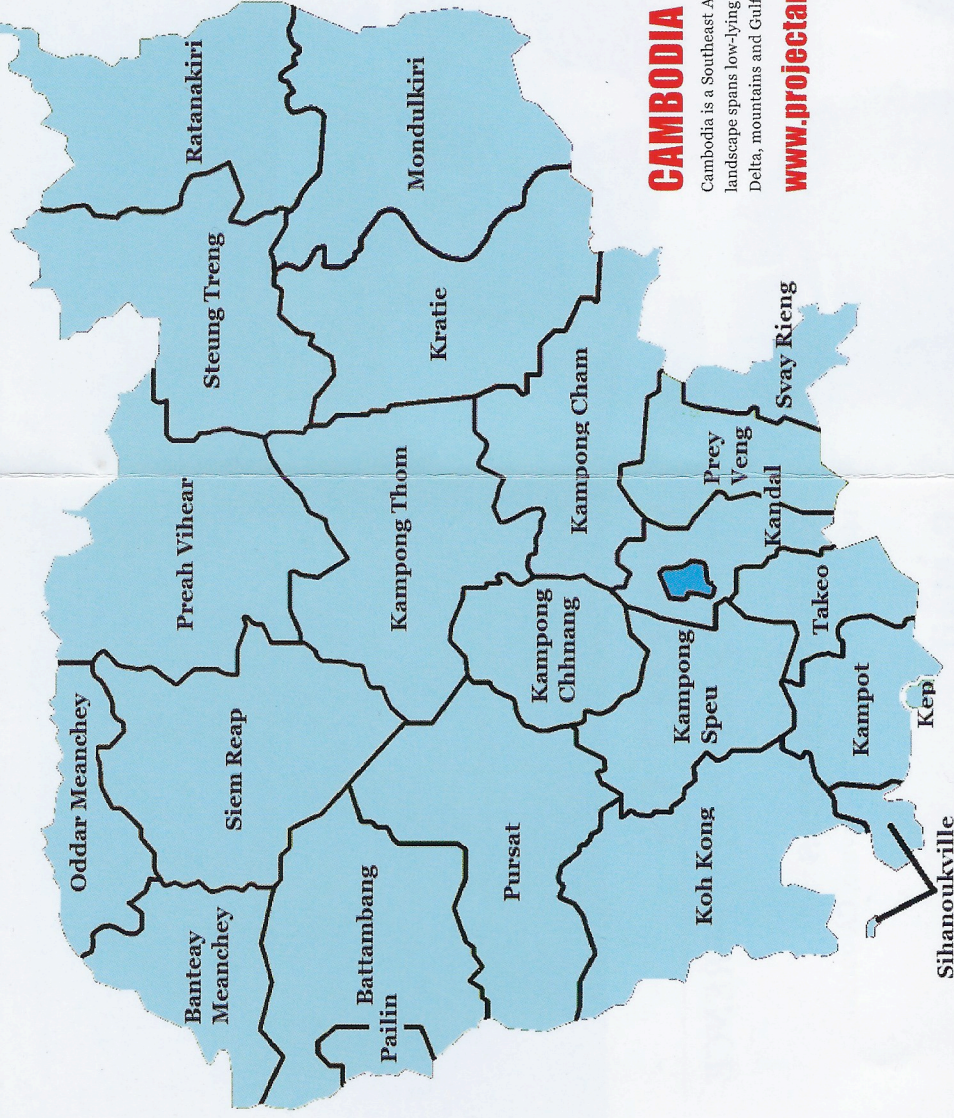

We are seeking both active participation and donations. We hope you will support us by monetary donations, attending fundraising events, or donating your valuable time and expertise.

CAMBODIA

Cambodia is a Southeast Asian nation whose landscape spans low-lying plains, the Mekong Delta, mountains and Gulf of Thailand coastline.

MEDICAL CLINIC

Each year we travel to Cambodia and offer **Free Medical Care** in the following:

- Pediatrics
- Family Practice
- Internal Medicine
- Dentistry
- Ophthalmology

MEDICAL AND NON-MEDICAL Volunteers Are Needed

Free education and training are provided to local health care professionals and students to prepare them for the difficulties of serving in a challenging environment. Each mission volunteer pays his or her own expenses.

"The experience was extremely
